

On May 06, 2025: I was moving files and looking through my old records, including the signs of Representative **Bowman** opening an emergency **door** to **end a vote** at the US House. I was also working with the Hitler Bunker (door, stairs, return) material at that time as well (more on that later).

Rep. Jamaal Bowman took down emergency exit signs before pulling fire alarm: video

Before Rep. Jamaal Bowman “accidentally” **activated a fire alarm** and forced the evacuation of a House office building last month, the far-left lawmaker hastily removed two emergency exit signs from nearby doors, footage released Thursday revealed.

The 47-year-old Bronx and Westchester Democrat then made his way to the **alarm on the nearby wall and yanked it** before turning on his heel and walking away — still holding one of the signs — rather than trying to go out through the door as he initially claimed.

The video, made public hours after Bowman pleaded guilty to one misdemeanor **count of falsely pulling a fire alarm**, disproves his version of the Sept. 30 debacle.

“I was trying to get to a door. I thought the alarm would open the door, and I pulled the fire alarm to open the door by accident,” Bowman said at the time.

On May 07, 2025, the very next day, India carries out "Operation Sin Door."

On May 08, 2025: I immediately recorded yet another occurrence of sign language military attacks that are being carried out by the same people that are spying on my work. This has happened in Russia-Ukraine as well. (When I rolled and publicly posted 51, Shake, *Russia struck Ukraine* in the largest attack of the war to date - just another coincidence?). I am testifying to the public that the Israel-Palestine war, the Russia-Ukraine War, and the India-Pakistan conflict have all exhibited attacks based upon the work that is being completed in my daily workload. I am testifying publicly that the spies that are agitating my life (on behalf of Donald Trump) are exhibiting to me that they are controlling all three of those conflicts / wars. I am testifying that 'it' is the USA military, and I have personally witnessed this as a part of my daily routine. I am not contributing to their efforts. I am firmly opposing their efforts. This is very concerning and 'it' continues to exhibit to me that 'it' is managing these conflicts to 'its' own

benefit.

Obviously this is a pattern that is concerning enough to me to continue recording it, and posting about it. I am being shown that the same criminals that are destroying my personal life are destroying countries around the world **under the cover of 'wars' or conflicts that they control**. I disclosed this publicly. I have done my part. Government: it's your turn to step up.

This is the type of material that is 'ramping up' their excitement levels from behind the veil of their uninhibited spying operation on our home.

I am alerting anyone that can read this about the nature of the people operating 'behind the scenes.' This type of material is the type of material that excites 'it' to act, etc.

I am informing you, publicly, this is the type of material that I was writing about at the time "Operation Sin Door" began.

Why is this happening? Because the USA military has become consumed by this mentality.

I am disclosing these facts to the best of my ability to describe and/or document.

The military-grade espionage that is illegally working to agitate our home every day is positively reacting to imagery about itself being Nazi, itself being uncontrollable, and it is gaining joy by showing me that it is intentionally controlling these ongoing wars from inside of their own 'bunkers'.

40 Inside, I am Plowing up the hardened soil below Heaven's leading impulse

Outside, I am Opening and Closing Doors of Opportunity for Earth's heavenly yield

That, People, is the true door to sin. As I write this material, the 'powerful engines' are revving nearby. This is what 'it' wants us to believe. It wants us to fear it. The United States Military, under the 'lead' of Donald Trump, is using terrorism against my home and against the world.

For these reasons, I am publicly requesting:

Representatives, please remove the USA military from our home in San Antonio, Texas.

Thank you.
